

## TEXTIL 17-JDS EXTRUSIONS

A very light system for constructing smaller, single sided, non-illuminated frames with fabric tension face.

It doesn't require drilling, riveting, etc. A hexagonal screwdriver is all you need to build the frame.

### system components

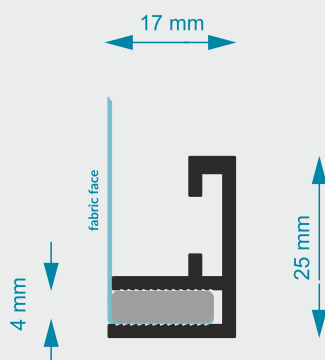

- A** profil TEXTIL 17-JDS
- B** connector stalowy 65/12
- C** screws dociskowe M5x5
- D** silicone tape
- E** printed fabric face

### extrusion weight

0,322 kg/m

### available finishes

- anodised aluminum
- anodised aluminum - black
- raw aluminum

Construction of frames from TEXTIL 17-JDS extrusions is very simple and fast thanks to the use of a single steel connector.
