

TEXTIL 55 LIGHT EXTRUSIONS

A convenient system for constructing light indoor illuminated ads with single sided tension fabric face.

It does not require drilling, riveting, etc. A hexagonal screwdriver is all you need to mount the frame.

system components

- A** TEXTIL 55 LIGHT extrusion
- B** steel connector 65x12
- C** inner alu connector L58
- D** M5x5 screws
- E** silicone tape
- F** printed fabric face

extrusion weight

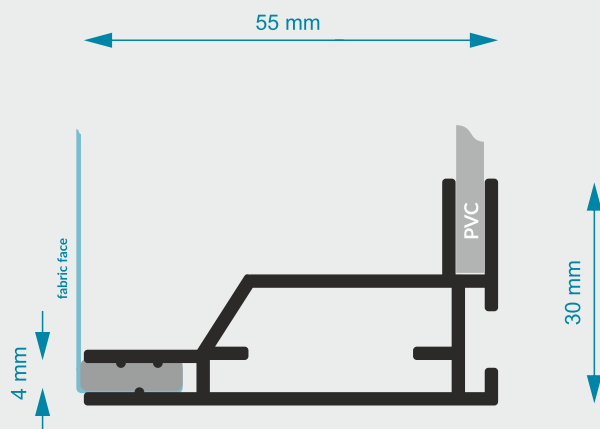

0,84 kg/m

available finishes

- anodised aluminum
- anodised aluminum - black
- raw aluminum

recomended lighting

- MINI PANORAMA
- MINI PANORAMA V2
- X-BAR

Despite the light construction, the frame is additionally stiffened with internal connectors made of aluminum, which additionally prevents the so-called "light escape" through the corner edge of extrusions.
