

# SINGLE SIDED LIGHTBOXES - TEXTIL FACE

## TEXTIL 85 EXPO EXTRUSION

A convenient system for constructing light indoor illuminated ads with single sided tension fabric face.

It does not require drilling, riveting, etc. A hexagonal screwdriver is all you need to mount the frame.

### system components

- A** TEXTIL 85 EXPO extrusion
- B** steel connector 60x20
- C** inner alu connector L58
- D** M5x5 screws
- E** silicone tape
- F** printed fabric face
- G** lock Ideal
- H** aluminium span

### extrusion weight

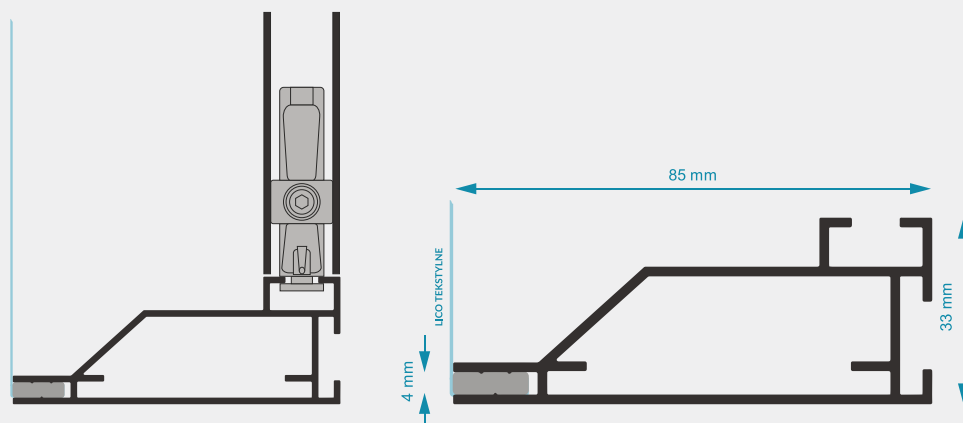

0,84 kg/m

### available finishes

- anodised aluminum
- anodised aluminum - black
- raw aluminum

### recomended lighting

- SEMAFOR XL
- X-BAR

Despite the light construction, the frame is additionally stiffened with internal connectors made of aluminum, which additionally prevents the so-called "light escape" through the corner edge of extrusions.
